MR. WILLIAMS' DENIAL.

SOUTHERN RAILWAY WON'T GET SEABOARD AIR LINE. Strange to say, irresponsible reports attributing to Mr. John Skelton Williams the intention to sell out his control of the Seaboard Air Line to parties interested in the Southern, and that in the event of his retention of a controlling interest and election to the presidency of the line the general offices and shops would be removed to Richmond, continue to be made. In connection with the first rumor attention is directed to the following: Jan-21-19.

Richmond, Va., Jan. 21.—Specials received here to-night from Norfolk stated that it was positively ascertained there that the syndicate headed by John Skelton Williams, that recently purchased control of the Seaboard Air Line, would sell out to the New York parties working in the interests of the Southern Railway. Mr. Williams, when seen to-night, declared most emphatically that there was not a word of truth in it. Jan-21-19.

It has been stated three times in the Virginia-Pilot, which has kept in close touch with parties engaged in consummating the deal by which Mr. Williams and those associated with him secured the Seaboard Air Line, that there would be no removal of the general offices and shops. Jan-21-19.

On the contrary, Mr. Williams has said and positively that both general offices and shops would remain where they are and be considerably enlarged. Jan-21-19.

In Ironing Collars and Cuffs we iron the edge as well as the flat surface. Have a necker. Jan-21-19.

Unabated Outpouring of Unparalleled Bargains

\$5.83 \$7.37 \$8.88 \$9.69

Great Big Bargains Men's Suits Five Eighty-Three. Men's Choice Suits and Overcoats, Seven Thirty-Seven. Rattling Good Men's Suits Eight Eighty-Eight. Men's Fine Suits and Overcoats, Nine Sixty-Nine.

Brag is one thing—Solid facts another—Value is what talks nowadays—Catchy headlines and buncumb advertisements may work wonders at some places—Great Big Hundred Cents worth of real good value crowded into a dollar does the work here—hence the steady commotion—desirable goods that the people would rather have than the money it cost to buy them—Men's Suits at Five Eighty-Three speaks volumes of genuine bargain meaning—The cloths are good woolen fabrics—The patterns are choice—The workmanship of an excellent order—The fitting as perfect as those that cost double—The styles equal to any that cost treble—Made into fashionable sack coats—single and double-breasted—round or square cut—long and short lengths—medium and narrow cut trousers—high or moderately low cut vests—these big leaders for Five Eighty-Three—everybody says so—and what everybody says must be so—More sizes to-day than ever—plain and fancy patterns—rough and smooth effects—heavy weight—durable—Tiptop—good looking—up to date—Men's Suits that are just as good for solid value—worth and wear as one dollar is worth another—Remember, the best selections await the earliest callers.

There's no need for any man to waste his money—matters not how much he's got—The money saving policy is far better—This great Stock-Relief Unloading Sale is a sure cure for reckless extravagance—hundreds of men are actually surprised at their own eyes—they can't realize that such astonishingly low prices—the fact of the matter is they can't—these special sales are inaugurated to prevent loss—cut down surplus—bar out accumulation—convert remnants and odds and ends into cash—realize on seasonable goods in a seasonable season—here is a clear case of must—a double purpose—a series of interior improvements that demand room—a business expedient that means money—The goods are going to be sold—no nonsense—no deceptions—no pretenses—an out and out fair and square open and above board series of genuine reductions on first-class well made perfect fitting Men's Suits and Overcoats—Seven Thirty-Seven is the price—the suits and overcoats are here separately laid off in solid stocks—all one uniform price in this lot—Seven Thirty-Seven—hundreds of well pleased men have profited by this transaction—why not you? Take your choice—Seven Thirty-Seven—Suits and Overcoats—each Seven Thirty-Seven.

Three eights jumbled together never had more purchasing power than that which the great Stock Relief Sale has made possible this week for Eight Eighty-Eight—There will not be a dollar's worth of heavy weight Men's Suits left over at the close of the season that is possible to convert into cash—The instructions from manufacturing headquarters are imperative—sell the goods—weed out the single sizes and broken sets—matters not what loss—sell—These words place power where the people can be benefited—they bring superior quality of wearing apparel within the range of cost of inferior sorts—Eight Eighty-Eight Men's Suits are not the job lot kind caught up at an auction sale—not made up as hand-me-downs, nor cut with a circular saw, nor stuck together with a glue pot. Eight Eighty-Eight Suits—here—are made in the Burk Tailor shops—made with every possible good improvement that any first-class tailor-made suit contains—warranted thoroughly shrink—and otherwise built for service and shapeliness from materials that will wear well and retain their colorings and freshness to the fullest extent of satisfactory service—if interested in Eight Eighty-Eight Specials—The time is now.

There was a time when to get a fit in a ready to wear garment that the man had to fit the clothes—Not so now—not here—these clothes are built to fit the man—any alterations or changes are made free in this grade of suits and Overcoats—just the same as the original full price were paid for the goods when the complement of sizes were in the best shape—Nine Sixty-Nine actually takes the place of fifteen dollars in a great many instances. The cutting in this line consists of excellent qualities—Suits and Overcoats that no man would hesitate to wear—this sale must be over with—quick—the work in hand must be done—room must be had—The result of all this means big money saving inducements for cash—Better Suits and Overcoats for less money than ever—The sizes have been strengthened—The scale is complete—consists of many new patterns taken from the cream of the stock—a ten dollar bill gets you a good suit or overcoat and thirty-one cents change—and aside from this the self same thirty-one cents will nearly double itself in other departments throughout the store, where under-cut prices reign supreme—to convert heavy weight materials into cash before the close of the season—but the Nine Sixty-Nine range of Men's Suits and Overcoats outdoes by far and goods we have ever offered for the price in this or any other sale at any other time—Pick and choose of any suit or overcoat in the specified lot—Nine Sixty-Nine.

FOUR BIG BARGAINS IN THE PANTS STOCK.

\$1.47 \$1.98 \$2.39 \$2.87

Pants Bargain No. 1 Pants Bargain No. 2 Pants Bargain No. 3 Pants Bargain No. 4
ONE FORTY-SEVEN ONE NINETY-EIGHT TWO THIRTY-NINE TWO EIGHTY-SEVEN

The Pants man puts in his claim for special attention—The price slasher hit the pants stock from end to end—single sizes—remnant lots—odds—ends—regulars and every other kind of trousers have had the cut rates applied—One Forty-Seven takes the pick and choice of sizes of a raft of durable Men's Pants—Strong materials—properly tailored—correct fitting, and in every way good honest serviceable pantaloons—Extraordinary goods for the man of toil for work-a-day purposes, whilst many of them are neat, slightly patterned, suitable for evening wear—One Forty-Seven makes a big capture to the man that is interested in true economy—The pants are good for the money, being far better in quality than the ordinary run of pants usually quoted within this range of price.

Another special value in the Pants stock a notch higher in price, but the grade of quality in materials far in excess of the small difference charged—One Ninety-Eight this week takes the pick and choice of an endless variety of Men's Pants—The east window shows some of the samples—This line consists of checks, stripes and mixtures in cassimeres and chevrons—including plain blacks and blues—and among the assortment a big variety of worsted effects in choice patterns—warranted for satisfactory service in every way—There is not a pair in the entire range that isn't worth at the lowest calculation from twenty-five to thirty-three per cent. more than we are now charging for them, whilst some of them are actually worth half more than the special bargain price now quoted—The surplus pants stock, like all other departments in the big store must be cut down—If interested in good pants for men at One Ninety-Eight—The time for the best selection is now.

Two Thirty-Nine for higher grade Men's Pants—This line consists of many novelty designs that are extraordinary patterns to offset mostly any kind of dark coat and vest—if your suit needs touching up with a new pair of trousers to stem you over for the remainder of the season—this Two Thirty-Nine special stands before you as a big money saving chance—Plenty of good desirable styles taken from the suit stock left over from combination sales—The pants materials in many cases would cost more than we are charging, to say nothing about their being cut—made—and trimmed in first-class manner—the fitting—too—will surprise and please you—it pays to investigate the big bargain values in Men's Pants at Two Thirty-Nine.

There will be nothing left of the winter stock of Men's Pants, judging from the way they're going out—take the Two Eighty-Seven line of Men's Pants, for instance—regular tailors charge six and seven dollars for pants made from no better cloth and trimmings and the chances are in most times they wouldn't fit even as well—Here is a well organized tailor shop in the floor above this department that takes your order for any alteration that may be necessary, free of any extra charge—and guarantees the fit correct with the same degree of accuracy as if the full value were charged for the goods—bear in mind—Two Eighty-Seven covers the price of excellent pants for men—warranted in every way—fit included.
